Breakdown of the time spent on the project for this reporting week (add more rows if needed). If you are part of a team, be specific to what you actually did.

Activity	**Number of hours (indicative)**
Conducted performance testing with and without WAF using tools (ab, hey)	6
Measured response times and analyzed performance impact	4
Collected and reviewed WAF logs during testing	4
Compared system behavior with WAF enabled vs disabled	3
Documentation of results and observations	3
Total	20 Hours

Highlights of the achievements made this week:

- Highlight 1: Measured response time differences and identified performance overhead introduced by the WAF
- Highlight 2: Observed the trade-off between security and performance in real-world scenarios.
